Your license keys are in the first column of the List Entitlements page.

 A screenshot of the 'List Entitlements' page in the Hammerspace portal. The page title is 'List Entitlements'. Below the title, there is a table of entitlements. The first column of the table, 'Activation ID', is highlighted with a red box. The table has columns for 'Activation ID', 'Entitlement ID', 'Sold to', 'Product', 'Version', 'Available quantity', 'Total quantity', 'Expiration', 'Maintenance', and 'Downloads'. There are two rows of data. The first row shows 'Hammerspace' as the product and '4.2.1' as the version. The second row shows 'Hammerspace' as the product and '4.6.x' as the version.

Activation ID	Entitlement ID	Sold to	Product	Version	Available quantity	Total quantity	Expiration	Maintenance	Downloads

In most cases the same key is used on all of your clusters, and it keeps working across a major version upgrade — moving from 4.x to 5.x, for example.

Contact Hammerspace Support if you are a customer without a portal login, if the List Entitlements page is empty, or if an expiration date does not match your purchase agreement.
